MARRIAGES.

On the 30th August, at St. Joseph's Church, Shanghai, by the Rev. Father Capitan, S.J.

JIAO-MARU MACHADO, third son of the late Jiaochao Man, 5th Marquis Hua-yen, second daughter of General Ching Man, 8th Marquis.

At the Cathedral, Shanghai, on the 2nd September, by the Rev. H. G. Hodges, M.A., ATRIUM KNIGHT JAMESON, son of the late Harry Gregson, J.A. of London, Northumberland, to Louise Hamer, N.Y.

The Silk or O. &amp; O. steamer Oceanic, hence July 31st and from Yokohama August 8th, were delivered at New York on August 1st.

The American barque *Perry*, stranded some weeks ago on the Luson coast, and subsequently sold by auction, has been fitted out and towed to Manila.The Agent informs us that the *Messageries Maritimes* steamer *Brocado*, with the mail onward, French mail, left Saigon at 5 a.m. yesterday for this port.

It is notified to Saturday's Gazette that in former days he has been engaged from the French Consul that the blockade of the harbours of Gaohu, Tenkin, has been removed.

The Agents (Messrs. Arnhold, Karberg & Co.) inform us that the China Ships Mutual S. N. Co.'s steamer *Orioste*, from London and Liverpool, left Singapore on Saturday for that port.

There was a terrific storm in Peking (Nanking) day afternoon, the 23rd August. Many huge trees were blown down in the surrounding country, and railroads descended half-as-inches diameter.

The Chinese Times says:—The Seventh Prince, the father of the Emperor, had a relapse of his old malady—paralysis. He has been under the treatment of one of the students of the late Dr. J. C. Macrae.

The attack came on as we were in the Yantze, and he had to be hospitalized.

Later intelligence, however, is to the effect that he is much better.

The loss of Prince Chun would be a severe blow to the Celestial Empire, that inexhaustible reservoir of labour, but somehow the reservoir cannot properly be tapped.

The British North Borneo Government meanwhile has taken steps to secure an influx of Tamil labour from India and the Government of India has met its wishes by releasing prisoners to be employed in the Indian Legislative Council on the 31st July. The aim of the Bill is first of all to relieve owners of steamers from the expense and trouble of having their vessels surveyed for navigation purposes, on certificates of efficiency and good condition being produced. The Bill also provides that the Indian Government, among other things, will have the power to introduce a measure for putting a stop to Sunday labour. Such a conclusion was, of course, a great disappointment to them as a body of officers. They had expected and hoped that the petition would have resulted in some favourable action on their Excellencies' part. However, it appeared to be otherwise and as a result of this decision, they had to suffer with their Excellencies in their opinion.

The Rev. Mr. Goldsmith, Governor of the Straits Settlements, under a similar system to that in force to the Protected States in the Malay Peninsula, and under the authority to receive Indian immigrants, has formed an association to that effect.

The Association is to be constituted by the Protection of the Straits Settlements.

With the passing of this Bill into law, planters in British North Borneo may draw upon another source of labour supply which would be more reliable than the Chinese, and important respects offers considerable advantages, but without countervailing drawbacks that of late years have become very prominent in this part of the world. The North Borneo planters will soon have Tamil coolies within call, but whether their introduction into the country will answer expectations is another question, and it remains to be seen how well they will respond by the experience of Straits planters in that respect.

Romour has reached the *Peony Gazette* that Mr. C. Monro, the late Commissioner of the Metropolitan Police, is mentioned as likely to succeed Colonel Dunlop as Inspector-General of Police, Straits Settlements.

In a new cabinet just formed by President Bermudez of Peru, we note that Senator Dr. Elmore, formerly Ambassador to Peru for China and Japan, has been appointed to the Ministry of Foreign Affairs, a post for which his experience abroad well qualifies him.

The house No. 3, Old Bailey Street was offered for sale by auction on Saturday afternoon and was purchased by Mr. Ho Tang for \$7,000. Mr. J. M. Armstrong was the auctioneer.

San Francisco papers record the death on the 7th August of Mr. S. L. Jones, a prominent and esteemed member of the mercantile community of San Francisco, and who had connections with that colony a large number of years.

According to the returns of meteorological observations taken at the Hongkong Observatory, and published in the *Gazette*, the rainfall for August was 12.4 inches, as compared with 18.6 inches in the corresponding month of last year. Rain fell in irregular quantity on 14 days.

The body of Mr. J. C. Baynes, who was drowned by Yokocho on the night of the 20th ult., while going off to a steamer to load up, was found on the 22nd near the Asahi-gawa shore, and brought to the Hatcho-pu. At the inquest a verdict of accidentally drowned was returned.

Negotiations have, we read, taken place between the Norddeut. Lloyd of Bremen and the German Government concerning the creation of a new line of steamship services on the East Asiatic and Australian Lines. The steamer in future are to be despatched every fortnight instead of monthly as heretofore.

A correspondent of the *Mercury* in Chefoo writes that a telegram was received in that port on the 30th ult., to the effect that Mr. Karpin, whose recent disappearance caused such a sensation, had arrived safely at Chonmou in a Chefoo junk. "The trip is said to have done his health, which was very indifferent for some time, a great deal of exertion."The editor of the *Lia-ko* (Singapore) in a leading article tells us that on the occasion of his birthday this year his friends and relatives showered him their congratulations, accompanied by a present of money or valuables.
